**Subject:** Central Pole in your RM

Hello,

We are a power pole inspection and maintenance company that does contract work on behalf of Saskpower. I'm contacting you today to let you know that we will be in your RM May 11<sup>th</sup> and going for 9 weeks. During this time, we will be inspecting power poles identified through Saskpower's wood pole maintenance program. We will be driving white service body trucks and side by sides identifiable by our name "Central Pole" and our company phone number. Our employees will be wearing all hi-vis clothing and making reasonable attempt to contact landowners to obtain permission to gain access to these power poles. Landowners that we are unable to contact, will be left a door knocker with information about what we do regarding the wood pole maintenance program.

If you have any questions or concerns, please feel free to contact myself and I will do my best to answer in a timely format.

Thanks,

**Haidyn Oudemans**
